Call for Lecturers/Instructors
Business Excellence: Purpose-Driven Leadership in the MENA Region

As an integral part of Notre Dame International’s global network, the University of Notre Dame at Tantur (UNDT) aspires to be an entrepreneurial, diverse and influential academic platform that leaves a positive and lasting impact on the region through a menu of initiatives that also offer opportunities for Notre Dame students and faculty to explore and learn in Jerusalem and beyond. Located on ca. 36 acres of land, the ca. 13,000 square meters facility includes 50 bedrooms, 10 apartments, multiple meeting spaces, a 70,000-volume library, a chapel, and a large dining room. I. Program Description

UNDT is pleased to announce the launching of a new certificate program: "Reimagining Business Excellence: Purpose-Driven Leadership in the MENA Region". The program will run at the UNDT in Jerusalem for a period of 13-days program, scheduled momentarily for June 4, 2023 until June 17, 2023. The program is designed to equip those purpose-driven leaders with the necessary tools, know-how and network to succeed in their entrepreneurial endeavors and be agents for a better for all. The program will focus on the larger MENA region, exploring the increasing challenges and new opportunities.

The program provides theoretical foundations in strategic decision-making, ethics and relevant regional knowledge. At its core, the program is based on practice-orientated instruction, allowing participants to work together with faculty and industry executives on real-world problems and case studies from the MENA region.

The program is committed to bring together a diverse and inclusive group of future leaders that care for the larger region, stewarding an attitude of multilateral dignity and respect.

II. Summary of Role

We welcome applications both from experienced academics and practitioners who are interested in lecturing on topics related to certificate program’s core themes. Exemplary modules include:

- Strategic decision making and entrepreneurship with case studies from the larger MENA region
- Sustainability as driver of value with case studies from the larger MENA region
- Emerging business opportunities in the larger MENA region
- Deep dive in a selected economy from the larger MENA region
- Digitization trends in the larger MENA region (with case studies)

Lectures/Modules can range between 6 to 9 academic hours, across 2-5 days, depending on the final schedule of the program. Applicants are invited to offer a course which deals with one or a combination of the above topics.
